- b) **Disease activity**

3) New Business

- a) **Team Leader Interviews/Open Positions**
Interviews for the Team Leader position are underway.
- b) **Confirmed Positive Test Result (1)**

The County has one confirmed positive test result. A precautionary health advisory has been released by the health department and preventative spraying has taken place in the area. Testing will continue weekly through October.

c) Proposed Advisory Board Meeting time change

Reagan suggested that the board meetings continue every other month until the spring. There were no objections from the cities.

4) Discussion

Mike Insley from the City of Altamonte Springs had questions regarding the effectiveness of taking landing rate counts during the day. Reagan stated that floater traps will be available if needed for "hot spots". Additionally, permanent trap counts and daily inspections landing rate counts are available on the inspection website to provide justification.

Adjournment

Reagan adjourned the meeting at 10:30 a.m.

Next Regular Meeting: December 10, 2009 at 10:00 A.M.
